Featured On The Back Cover
Seeley Lake's Western Larch 'Big Gus'

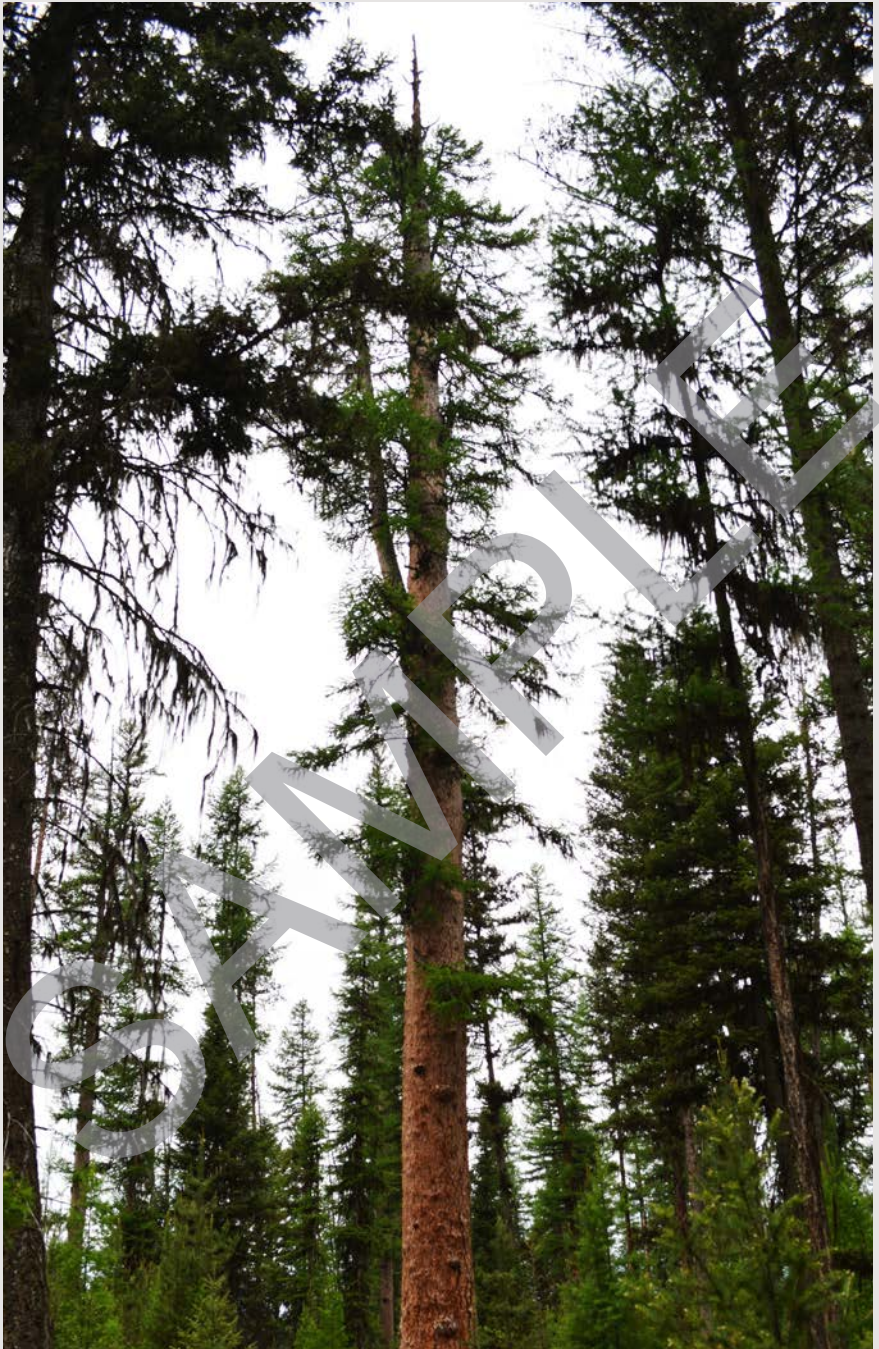

Big Gus, the world's largest Larch, can be found at Seeley Lake here in Montana. Sometimes referred to as a 'champion larch', Gus stands two feet taller than the Statue of Liberty and is over 1,000 years old. Gus is not only the tallest tree in the state of Montana, but he is also the tallest western larch tree in the world. Standing at 163 feet, Gus is a subtle local legend.

He isn't prominently advertised, and for all intents and purposes he is just another in the many trees of the Jim Gerard Grove. But for those who venture into the forest near Camp Paxson and find Gus, the memory can be quite striking.

If interested in seeing this beautiful giant, check out the sites below for directions and more information:
